## Janssen select

### Do you pay more than \$85 monthly out of pocket for your prescription of XARELTO<sup>®</sup>? Janssen Select may be able to help.

At Janssen, we know that it can be hard to stay on treatment when your out-of-pocket costs increase during a coverage gap (eg, commercial high deductibles or the Medicare Part D coverage gap, formerly known as the "Donut hole"). That's why we've created Janssen Select. Terms expire at the end of each calendar year and may change. See program requirements at [JanssenSelect.com](http://JanssenSelect.com).

To register, you must have insurance covering a portion of the cost of XARELTO<sup>®</sup>, and you are being asked to pay more than \$85 monthly for XARELTO<sup>®</sup> through your insurance.
